"Body fit" rope to adjust net slack/tension

Robust and long lasting in either white or black

SEAMLESS ONE-PIECE LACROSSE NET

NCAA
COMPLIANT

NFHS
COMPLIANT

The NETX1™ lacrosse net is the most robust and long-lasting net money can buy. Its one-piece design eliminates the most common points of failure on traditional lacrosse nets: the diagonal seams, while providing a modern aesthetic that truly sets it apart.

The UV/weather stabilized "double-needle" nylon twine has a true 7mm thickness (measured across the depth and width of the twine) with a minimum breaking strength of 770 lbs. The combination of high strength twine and lack of diagonal seams means it will outlast every other net on the market.

The included "body fit" rope adjusts the net on the goal to maintain an appropriate amount of slack so balls remain inside the goal without bouncing back out.

- Weather-stabilized 7mm x 1½" sq. knotless nylon with breaking strength of 770 lbs.
- One-piece design eliminates diagonal seams (the most common point of failure)
- Lacing cord included
- 1 Year Limited Warranty
