MERCURY

BEACH SYSTEM

Adjustable system with inverted design to prevent sand and water infiltration

Most affordable lightweight beach system available in both Professional and Recreational models. Powder coated white for a clean and visible appearance and topped off with carbon reinforced caps that will keep the sand and water out.

NCAA, NFHS, USVBA, FIVB Compliant

Recommended for:

Professional and **Competitive Programs**

Features:

- Lightweight aluminum design with white powder coat finish
- Adjustable height between 5'6" and 7'11½"
- Worm Drive Tension winch is easy to operate. Built-in locking mechanism prevents accidental movement under tension (Back-Drive). Fold-away handle
- Carbon reinforced caps
- Quik-Collar height adjustment
