## PVB-60P SPECIFICATION SHEET

Volleyball post pad shall be designed to fit all Official Jaypro Sports volleyball posts and net systems.

Each post pad shall consist of a two-section wrap around style pad and shall have a vinyl center hinge to ensure a smooth and attractive fit when in use. Post pad shall be manufactured of 2" thick virgin polyurethane foam covered by a heavy duty 14 oz. polyester reinforced vinyl sewn into place. Vinyl meets NFPA 701 and ASTM E-84 (Class A) fire rating. A 9" wide vinyl and Velcro flap sewn onto one pad securely fastens to the edge of the other pad, attaching the pads snugly around the standard. All sewing shall be of a lock stitch type. Running stitch style of sewing shall not be considered equal.

Pad shall be a full 72" in height.

Post pads shall be available in any of fourteen (14) different colors:

- |                                |                                     |                                 |                                 |                                       |
|--------------------------------|-------------------------------------|---------------------------------|---------------------------------|---------------------------------------|
| <input type="checkbox"/> Black | <input type="checkbox"/> Navy Blue  | <input type="checkbox"/> Red    | <input type="checkbox"/> Pink   | <input type="checkbox"/> Kelly Green  |
| <input type="checkbox"/> Gray  | <input type="checkbox"/> Royal Blue | <input type="checkbox"/> Maroon | <input type="checkbox"/> Orange | <input type="checkbox"/> Forest Green |
| <input type="checkbox"/> Tan   | <input type="checkbox"/> Light Blue | <input type="checkbox"/> Purple | <input type="checkbox"/> Yellow |                                       |

Velcro flap attachment shall be positioned to allow net cord or strap access to standards (posts).

Pad exceeds NFHS, NCAA and USVBA specifications for safety.
